eBillingHub's® Ryan Ladisic To Present the Benefits of SaaS Legal Solutions at the ADERANT User Conference

Market Leader eBillingHub to Share Best Practices on Implementing SaaS Products to Maximize ROI

PITTSBURGH, PA. April 13, 2010 – The eBillingHub, the market leading solution that reduces the cost and complexity associated with legal eBilling, announced today that their VP of Global Sales and Marketing, Ryan Ladisic, will be a featured speaker at the ADERANT Momentum 2010 User Conference. The Momentum conference will be held at the Loews Miami Beach Hotel on April 20, 2010. eBillingHub is a Platinum Sponsor of the event, and will also be exhibiting at the Conference.

eBillingHub is a simple, cost-effective solution designed to help every law firm large or small make their billing system more efficient, speed cash flow, and provide more trouble-free service to their clients. eBillingHub's SaaS implementation enables law firms to go live on the system in as little as 15 hours, eliminating the hardware purchase requirements of traditionally delivered software or budgeting for any professional services. The eBillingHub simplifies the electronic billing process by integrating a law firm's time and billing software with multiple electronic billing vendors, reducing overall complexity and resulting in a predictable, dependable, and efficient process.

“Law firms are seeing roughly 20% of their corporate clients move off paper billing and onto an eBilling platform this year” states Ryan Ladisic, Global VP of Sales and Marketing at eBillingHub. Ladisic continues “Traditional eBilling solutions create additional complexity along with huge capital outlays, long implementation times and heavy internal resource requirements. “In this presentation you will learn ways to leverage new SaaS based solutions that dramatically cut implementation times, capital resources and deliver real world business savings.”

Details on this session include:

For more information please visit the ADERANT Momentum Global 2010 Conference web site at <http://momentum.aderant.com/2010/Default.aspx>

Ryan Ladisic has held various sales, marketing and business development positions during his 15 year professional career. Since 2002 he has been involved in “spend management” software, first with his own startup at the age of 28 and then specifically in “legal spend management” with companies like DataCert, Integration Appliance and his recent appointment as VP of Global Sales and Marketing for eBillingHub. Ryan has been involved in numerous panels and has written a number of white papers and articles relating to the issues and costs associated with legal eBilling. His most recent writing was published in the February 2010 Legal tech Newsletter titled “Challenges and Solutions for Electronic Billing.”

About eBillingHub®

eBillingHub delivers simplified electronic billing for law firms worldwide, making it possible for firms to eliminate costs and improve cash flow as they grow their electronic billing volume. The company's patent-pending technology, delivered as Software as a Service (SaaS), provides a comprehensive and collaborative approach for preparing, tracking, submitting and managing the electronic billing process. Unlike tools used by law firms to create LEDES invoice files, the eBillingHub simplifies the electronic billing process by integrating a law firm's time and billing software with multiple electronic billing vendors, which are often specified by a firm's clients. For more information, please visit <http://www.ebillinghub.com>.
