eBillingHub® Processes Over 1 Million Electronic Bills

Impressive Milestone Driven by Leading Law Firms using the eBillingHub to Reduce Costs and Improve Cash Flow

PITTSBURGH, PA. June 10, 2010 – The eBillingHub, the market leading solution that reduces the cost and complexity associated with legal eBilling, announced today that it has achieved the milestone of processing over 1 million electronic bills for over 150 law firms located across 8 different countries. This impressive accomplishment is due to the simplicity and improved process efficiencies that law firms experience when using the eBillingHub.

The eBillingHub is fundamentally redefining the way law firms process eBills by providing the most reliable and scalable way to streamline the entire eBilling process,” stated Ryan Ladisic, VP of Global Sales and Marketing. Ladisic continues “We enable law firms to realize the business value of eBilling by reducing the complexities of an ever increasing volume of eBills. By using the eBillingHub, law firms for the first time can implement a predictable, dependable and efficient eBilling process that benefits both the law firm and its clients. We are very proud of processing over 1 million eBills and this demonstrates the crucial business value of our service and the confidence law firms have in using the eBillingHub to process their monthly bills.”

The eBillingHub enables law firms to accelerate their collections process, reduce the complexity of electronic invoice submissions, eliminate billing backlogs and common submission errors, and minimize or eliminate the need for additional staff to administer electronic billing. For law firms, using the eBillingHub results in improved cash flow, increased partner distributions, and enhanced client service.

Considered the defacto standard for law firm electronic billing, eBillingHub delivers its law firm eBilling solution as Software as a Service (SaaS) and provides Web services standards for its integration with practice management systems such as Thomson Elite, Elite 3 E and ProLaw, ADERANT, RainMaker and others. With hundreds of customers and service providers using the eBillingHub, the company has established itself as the leader in simplifying the eBilling process for law firms worldwide.
